£494m

RETAIL SPEND PER ANNUM

Current expenditure on comparison retail goods within the catchment is high – totalling £493.8m for 2016, and is expected to rise by 38.4% over the next decade to £684m.

Based on the functional 'zones' defined by Durham County Council (see below), which take account of factors including the location of existing centres and drive times, the catchment area of the development has a population of more than 155,000, and is forecast to grow by 5.3% over the next decade.

4,000+

JOBS

Integra 61 is set to become the North East's premier mixed use logistics and manufacturing hub, with design and build opportunities available for units up to 600,000 sq ft on a 205 acre site.

Once completed, the overall scheme is expected to create more than 4,000 jobs (and potential customers), and includes the development of 290 new homes as well as proposals for a nursery, care home and doctors surgery.

50,000+

VEHICLE TRIPS PER DAY

Situated just four miles from Durham, 80 miles north of Leeds and 20 miles south of Newcastle, it is estimated that there will be over 50,000 vehicles trips using the J61 roundabout (just 200m away from the site) every day. Additionally, the site is diagonally opposite the very popular Durham Services, which will allow occupiers to benefit from access to the many existing visitors to the area.
